

Get your share of the \$2 billion in auto parts that will sell online in 2011.

Catalog Rack eStore

We have two solutions for a turnkey website depending on what and how you want to sell. Each offer web hosting, your choice of brands, built-in search by year-make-model, professional web design services, and complete back-end tools to manage your website.

eStore Pro — Sell Online Nationally

Designed for a performance parts and accessories brick & mortar retailer wanting to start to sell online. Your choice of over 200 brands and as many as 1.5 million part numbers or more. Our eStore Pro service includes a shopping cart for a complete solution to sell automotive products to your customers.

- ◆ Turnkey website YES
- ◆ Customizable colors and images YES
- ◆ Number of pages included 8
- ◆ Live chat and Google feeds YES
- ◆ Shopping cart with credit card processing YES
- ◆ Total brands included 10
- ◆ Link to Facebook and Twitter YES

Have a turnkey eStore Pro starting at.... **\$6,990.**

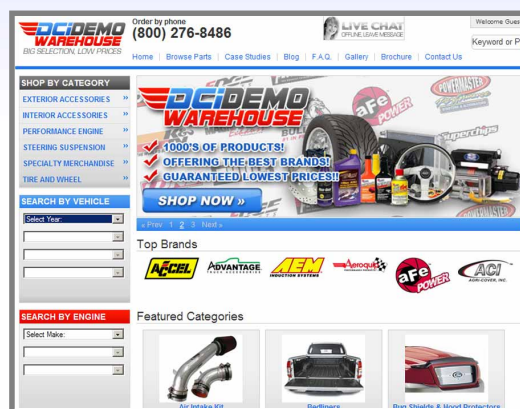

eStore Local — Promote Your Store Locally

Designed for a performance parts and accessories brick & mortar retailer wanting to promote the product lines they carry to local customers without selling online. This is a great way to get visibility on the Internet in your local service area. Your choice of over 200 brands and as many as 1.5 million part numbers.

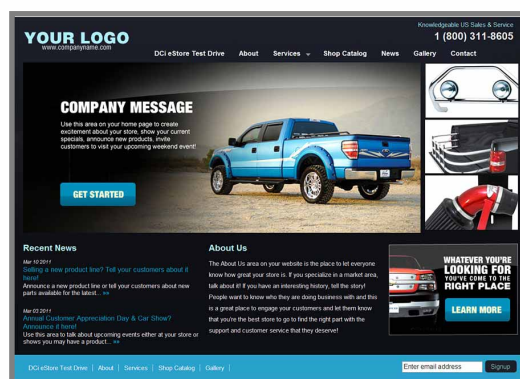

If you own an independent parts store, have you ever asked yourself "how do I use the Internet to drive local store traffic?" Our new eStore Local is the perfect solution to give you an online presence.

- ◆ Turnkey website YES
- ◆ Customizable colors and images YES
- ◆ Number of pages included 8
- ◆ Total brands included 25
- ◆ Link to Facebook and Twitter YES

Have a turnkey eStore Local starting at.... **\$2,499.**
